Company Policy

The company policy of Uniforest d.o.o. is based on our values, mission, vision, and ethical principles, and is inextricably linked to sustainable development and innovation.

The knowledge, experience, and dedication of our team are the foundation that enables us to create advanced forestry machinery that is safe, reliable, ergonomically designed, and user- and environmentally-friendly. On this basis, we meet the quality requirements of our products for customer satisfaction and strive to continuously reduce the negative impact of our activities on the environment, taking climate change into account.

We are committed to improving the working environment with an emphasis on preventive awareness of safe work and continuous optimization of the ergonomics of our products and their environmental friendliness.

We are committed to:

- providing high-quality and reliable products that meet the requirements, expectations, and needs of customers and other stakeholders;
- ensuring compliance with legislative, regulatory, and other requirements, and preventing pollution;
- set clear and measurable management system objectives that are consistent with the organizational culture and sustainability strategy, regularly monitor their implementation, and take appropriate action;
- promote innovation and technical excellence in the development and manufacture of agricultural and forestry machinery;
- strive for efficient use of materials, responsible handling of waste and hazardous substances, and continuously strive for efficient use of energy sources;
- develop the competencies of employees, strengthen their responsibility, and create a creative, safe, and stimulating work environment;
- build long-term partnerships with suppliers and customers based on trust, professionalism, and mutual growth;
- maintain and continuously improve the management system in accordance with the requirements of ISO 9001 and ISO 14001 standards.

Our Company Policy defines our commitment to the continuous improvement of the quality of our products and management system, through which we create and satisfy the needs and expectations of our owner, employees, consumers, customers, and suppliers. We provide our employees with a creative working environment.

The company's management ensures that the Company Policy is properly communicated, understood, and applied at all levels of the organization and is available on the website www.uniforest.si.
